Importance: High

Good day Kehinde,

I hope you are keeping safe and thank you for your time on the phone regarding the below.

As discussed, kindly find below and attached the requested documentation to serve as backup to process the remainder of my March salary, Full April and May salaries.

1. Barry verbally approved my travel to Amsterdam on Friday March 20th and I even had to text him to sign the cheque before going to the owner's office with Rex to introduce them. At 3pm, he authorized and signed a check for me to buy my ticket for Saturday 21st or Sunday 22nd. In addition, I kept him informed of my flight bookings and even spent 30 minutes at the pool bar with him and Rex before leaving on Saturday.

2. The below email from Barry does not mention any objection to my travel or for the days to be counted as unpaid leave. The only point he raised was the fact that I had not mentioned that I had volunteered to take a Pay cut for April and May (if by that time working remotely does not align with the direction taken with other Area/Cluster directors).

3. All other HODs, staff and Cluster directors were asked to work from home on the 26th of March, when the government enforced a lockdown and they were paid for March and a %age cut in pay for the 3 months after. The only Non ops HOD, I have been negotiating with Airlines & Corporates, keeping in touch with our Key Accounts/clients and keeping in touch with the Regional team and GSO's.

4. Attached are emails I sent from March 21st to April 2nd, when Rex sent me an email informing me that I was on unpaid leave. Since then, I have had:
   a. A weekly call with Giftie,
   b. A weekly call with Roberts,
   c. A weekly call with John,
   d. Attended the weekly COVID-19 EMAE Sales leaders update. These were cancelled a couple of times but otherwise, I have attended every one and can provide back up if required,
   e. Submitted 8 recovery plan ideas to John/Paul on behalf of the 2 properties I am responsible for,

5. Skype calls with Vindi and Yinka in Abuja to follow up on their recovery plans, re opening and Corporate client updates,

6. Ensuring that all the new Contracts, T&C's and Force Majeure clauses are updated in our Group agreements, as per John/Regional office,

7. Registered for and have started a series of online trainings assigned to by John. I have also cascaded these down t Roberts and Giftie, whom have also started these trainings.

8. Rex has sent me Skype invites for (and I have attended) several calls with him and the team since April 1st (the last of which was last week),

9. Giftie has also noted our weekly calls and assignments I have tasked her with on her timesheet,

Finally, it looks like this crisis is easing up soon and the Sales organization/my role are essential in ramping up efforts in the Sales and EBC departments to ensure that we are ready for reopening. I will send an email later in the day with the directives from John on the SSA Sales leaders call with John and the other directors last week.

Hoping the above and attached are sufficient to serve as back up for my outstanding two and a half month's salary to be processed.

Please let me know should you require any further back up/documentation.

Best regards,

Amal.

Amal AbdulRahman

Subject: FW: Working remotely - COVID-19 preventive measures

Good day Kemi,

I hope this mail finds you well and keeping safe in Lagos

May I please inquire on the status of:

1. The deducted remainder of my salary for March i.e. from the 21st to April 1st. I believe you are in communication with Rex about this.
2. The Sales team's bonus/incentive for 2019. The 3 other Sales leaders in SSA have confirmed that 2019 Sales bonuses were paid out and only Q1 2020 bonuses were deferred. Please see the attached from Osama. Unfortunately we were not able to pay out any bonuses before the lock down, those certificates are in my office and will be paid out as soon as we are able to gain access
3. The payment of the expense I submitted for the BMSC trip. Unfortunately, it took you a year to get this expense done, you will recognize that the last few days before lockdown were hectic particularly for me as we were dealing with issues and almost impossible deadlines. I will look at your expense when we are back in the office.

Apologies for asking, but only amounts 1 & 3 are approx. $3,000, which are urgently needed, on a month where I purchased a $1,000+ ticket and have an "expense heavy" week ahead and no income for April. I appreciate and sympathise with your position, however, I am unable to do anything at the moment as we have another two weeks extension to the lockdown.

Thank you in advance.

Amal.

Subject: RE: Working remotely - COVID-19 preventive measures

Good morning Rex,

Thank you for your mail.

May I please have some clarity on the below points:

1. The days I worked remotely – from Monday the 24th to Thursday the 2nd of April (when your below email was sent) and that were deducted from my March salary, are going to be paid? And when please? I have 150+ different communications in this period with clients, team members and the regional office/John, should you require it. , I would like to point out that I have enough (23) outstanding vacation/leave days in 2020 to cover this period until April 20th, and have the days considered as "paid/leave days off" – pending your approval of course,

1. My departure to Amsterdam was based on the opinions of my doctors and clear directives from Marriott on COVID-19 Preventive/Self Isolation measures, which I discussed with both you and Barry BEFORE I left, and you both agreed that I should do "what is best for my health" but is now being considered as unapproved leave. My below email, and Barry's subsequent reply, clearly show no objection from him on my travel to Amsterdam and he only raised the point that my offer to take a 50% from April 1st was not mentioned, corrected thereafter. May I please ask what an acceptable alternative to my heeding my Dr.'s advice, safeguarding my health and traveling on the last KLM flight out of Lagos would have been for you?

2. Initially, I offered a 50% reduction in pay from April and until business returns to normal, hopefully by May or June at the latest. The rest of the Ex-Com, who are working remotely from March 25th, only received a 20% reduction in pay, while I offered to take a 50% cut due to my health conditions, compelling me to work remotely from Amsterdam – which you deemed not equal to my working remotely from the hotel in Lagos. Since you are now asking me to go on Unpaid leave, may I please know how the job requirements are not fulfilled/attended to equally from Lagos or Amsterdam, if both are remote?

3. The reason that prompted your decision to have mails from my departments be directed to the Assist. DOS/Giftie and not myself, since this was implemented after she was also sent to work remotely from home. May I get some clarity on this as it is highly irregular and I feel that I am being discriminated against/treated differently and intentionally kept out of the loop for having a health condition that does not affect my ability to perform my duties, but only my ability to be physically present in the hotel.

We will work here in Lagos directly with Roberts who is at the hotel and with Giftie, who can partially work from Home Office. Once you are ready to travel back to Lagos, please give me a heads up. If in the meantime, we need your engagement, we will inform you accordingly.

Best regards, Rex

Cc: Joseph, Kemi <Kemi.Joseph@sheraton.com>
Subject: RE: Working remotely - COVID-19 preventive measures

Good day Rex,

I hope this mail finds you well.

Please allow me to clarify:

1. The decision to work from home was not taken solely by me;
    a. Having been diagnosed with a hereditary liver condition has weakened my immune system, and puts me in the category of "vulnerable/high risk for infection with the COVID-19 virus". As such, Dr. Maurice advised me to "Self Isolate" at home. Attached is a note from him, as requested, and please feel free to call him for further clarifications if needed.
    b. I was diagnosed with Bronchitis on the 4th of March (Hospital bill, Chest X-ray attached) which resulted in me having a very bad cough, losing my voice and even prompted me to work from my apartment for a good part of the following week. As per Marriott's COVID-19 guidelines sent on March 19th , any associate experiencing flu-like symptoms must be sent home immediately and only return to work 3 days after their symptoms have passed.

https://mgscloud.marriott.com/common/lodging-operations/risk-management-loss-prevention/crisis-management/types-of-incidents/infectious-diseases/#opsguidance

b. ASSOCIATES

- Post handwashing poster from MGS in areas conspicuous to associates (e.g. break rooms, cafeteria/canteen, near time clocks, hotel associate entrance, etc.) and review Heightened Sanitation Video (MP4)
- Associate(s) who feel sick or experience flu-like symptoms must be sent home immediately and urged to seek medical care immediately.
- Associates' return to work should be made on a case-by-case basis, consistent with our policies and in consultation with healthcare providers and state and local health authorities.
- The ill associates' workstation must be disinfected and all who were in contact with the individual must be monitored for respiratory symptoms. Should there be a confirmation of COVID-19, a third-party remediation company must be called.
- Follow up with the ill associate and notify your Market Leader if the associate was diagnosed with COVID-19.

Preventing the Spread of Norovirus

The most effective way to prevent the spread of Norovirus is with careful and frequent hand washing.

Proper hand washing technique includes using an approved antibacterial soap and warm water (110°F/38°C) and washing vigorously for at least 20 seconds.

Also, be sure to:

- *Immediately* send any and all associates, including temporary workers, who complain or exhibit symptoms of gastrointestinal sickness home.
- Restrict individuals from returning to work until they have been cleared by a physician.
- Advise associates to stay home for three days after their symptoms have passed.

2. The decision to self-isolate at home in Amsterdam was based on:
    a. My home address is Amsterdam, and I live in the Sheraton Lagos hotel as a part of my contractual agreement, making safely self-isolating myself in the hotel an impossible task and could be considered recklessly endangering myself. This was mainly due to the fact the KLM, Air France, Delta, British Airways & Etihad airlines crews stay at the same hotel and the confirmation by the Nigerian government on the 21st of March that almost all COVID-19 cases in Nigeria were

"imported" by passengers on flights from the UK, US, France and the Netherlands. Communication attached.

b. I was already scheduled to travel to Amsterdam on Friday the 9th of April for my medical check-up, spend Easter with my family and return on the 19th to be in the office on Monday the 20th of April, utilizing 4 days of my leave balance for the year. I had prepared the leave form for Barry to sign, following his verbal approval, but thought it prudent to wait for your resumption and approval before proceeding. Attached is the leave form, noting a leave balance of 23 days for 2020, if I had proceeded to take the leave in April as scheduled.
The announcement by the Nigerian government of the closure of International airports effective from March 23rd , and the confirmation by KLM Nigeria that their last flight out of Lagos is on Saturday the 21st , prompted my conversation on the 20th with you and Barry for your approval of my travel before the previously scheduled date.

3. I was under the impression that you were fine with my travel to Amsterdam, especially since both you and Barry granted me verbal approval to travel and asked that I send an email with the details. Following our meeting, Barry even approved a salary advance for me and signed a check on that same Friday, so I could buy a ticket and travel. Taking into consideration that I had a few hours to pack, I only sent the email with the details after I travelled, assuming that any objections either of you might have had would have been voiced during our one on one on Saturday and/or when I joined you both at the pool bar for a while before leaving to the airport that evening.

4. My home activities since my departure have been consistent – with at least daily morning and end of day calls to both Giftie and Roberts, a constant availability online/on the phone, updating John on a daily basis and participation in all calls/webinars, the last one attended was yesterday at 11am with the EMEA team for a COVID-19 Consumer Operations update, which I also asked Giftie to call into.

5. With the closure of the hotel today and the instructions for everyone to work from home, all emails from the 3 teams I lead (Sales, Reservations and Events Booking Center) have been rerouted/with an automatic OOO reply to myself and Giftie. Also, I have direct access to the general EBC email and will be attending to all inquiries on a daily basis and until my scheduled return to Lagos on April 20th.

6. I am currently working with the property and regional teams on ideas for recovery plans, updates on the EMEA sales organization, Best practices and other tasks for both the Lagos and Abuja properties. This means that I will not be scaling down, but rather ramping up my activities and efforts in preserving the business by reaching out to our Corporate clients, keeping the conversations going and fostering relationships, until this crisis subsides.

Hoping that the above and attached helped clarify the situation and will prompt an adjustment of my March salary, which was received with a deduction as a result of the wrongful assumption that I was on unpaid leave from the 21st of March.

Thank you and Regards,

Amal.

Dear Amal,

I trust you are well!

We have internally clarified your situation and the way forward, after receiving you last WhatsApp message Friday.

Your decision to work from home has been taken solely by you, without the required and documented prior approval.

I currently do not see many home office activities from you nor has the team been able to confirm these. In the meantime, due to the lock down, we have further scaled down our activities and send several other associates on unpaid leave.

Therefore, we will proceed with your vacation balance due till end of April, if any for the initial days, after which we will consider the days away there after - by exception - as approved leave of absence. Please share with us your vacation balance till April. Kemi will verify and do an adjustment if needed on your March salary, as she had assumed unpaid leave from March 21st.

Best regards, Rex

Hi Amal,

In our conversations last week, it has been clearly mentioned that working home office from Lagos is something different than working home office from another continent (Netherlands), especially in days where we know there are no flights to bring you to your work place if needed. Alignment with ExCom "on property" as you rightfully said is not an option.

We have also mentioned last week already that we expected your proposal on e-mail; which obviously should have been prior to departure. Now you had departed without having sent that discussed e-mail and we needed to prompt you several times to send it. You were informed that we wanted to internally clarify this option after receiving your e-mail proposal.

Please send us your doctor's statement, so we can review this specific case in order to get back to you. At no time have we agreed on this scenario so far.

Thanks and best regards, Rex

Good morning Barry and Rex,

As mentioned during our meeting (taking the lead from Arne) my offer to take a 50% pay cut for April and May still ands, pending the hotel Management's decision on this, in order to align with rest of the ExCom on property.

Given my special circumstances, the high risk of infection and Dr's recommendation to work from home in the vicinity of premium health care, I am still willing to take the above mentioned pay cut to safeguard myself.

Please let me know your thoughts on this.

Thank you,

Amal.

Subject: Working remotely - COVID-19 preventive measures

Good day gentlemen,

I hope this mail finds you all well in the current market conditions.

As explained to you, I have been strongly advised by 2 doctors to self-isolate immediately to prevent myself from being infected with the Corona virus. Given the fact that I have an existing, chronic liver condition makes me a " high risk for infection", making it imperative that I have access to advanced medical care (preferably back home in Holland), which became a challenge with the closing of the airports in Nigeria and the halt of all International flights. This was followed by a letter from the Dutch Embassy in Nigeria to return home immediately (due to the rapid spread of the COVID-19 virus and impending pandemic.

Taking all these factors into consideration, it is in my best interest to work remotely/from home for the upcoming 2 to 4 weeks or until this clears up and we are able to go back to work.

I will be joining my team for the daily Sales meeting on Skype at 0915 with the EBC, proactive sales and reservation department managers/teams and available from 9am to 5pm.

Thank you again for your understanding and support on this while we navigate these challenging times.

BR,

P.S: I can also be reached on +31627008976.

Dear Sir,

RE: MS AMAL ABDULRAHMAN - LETTER OF DEMAND FOR COMPENSATION WITH REGARD TO WRONGFUL TERMINATION OF EMPLOYMENT

We are Solicitors to Ikeja Hotels Plc ("our client") and we have its instructions to write you in furtherance of the above subject matter.

Sequel to your correspondence of 17 June 2021, you alleged our client's indebtedness to the sum of $100,000.00 amidst other unscrupulous and frivolous claims. On behalf of our client, please note the above claims are well unfounded.

Note further that our client had duly acted in accordance with the governing contractual agreement between parties and the law.

We note that while your client was in substantial breach of the terms of the contract, our client had variously obliged an amicable resolution and remitted all agreed entitlements. Our client therefore takes an exception to all allegations raised in your referenced correspondence and instructs that we initiate counter proceedings as the facts canvassed are false, misconstrued and unsubstantiated.

Effectively, our client will not hesitate to pursue its counterclaim against your client in the event that your client elects to pursue this baseless claim at the National Industrial Court.

We trust that you will advise your client appropriately in the circumstances.

Be assured of our highest professional regards.

Yours Faithfully,

Alabota. Q. Happy-Great
