NLS/74/S.2025/VOL.XIV/ **September 22, 2025**

My Distinguished Colleague,

PLACEMENT OF STUDENTS IN LAW FIRM FOR THE 2024/2025 (APRIL BATCH) ACADEMIC SESSION EXTERNSHIP PROGRAMME

As part of our hands-on Bar vocational practical training programme for the aspirants to the Nigerian Bar, students have been placed in the Law Firm for their externship programme scheduled to commence on Wednesday, 24th September, 2025 till Wednesday 22nd October, 2025.

The goals of the externship programme are to:

1. Develop the Externs' lawyering skills;
2. Make the Externs understand various aspects of the legal system as well as the legal profession;
3. Inculcate in the Externs a sense of professional responsibility and values; and
4. Develop the Externs' ability to reflect on and learn from their experience.

Consequently, I humbly request that our student(s) be placed in your Law Firm for the programme.

During the programme, students are expected to participate actively in the Law Firm's activities, including having direct client involvement in Client interview and preparing witnesses for trial. They are also expected to participate in observing court proceedings, legal research and preparation of Legal agreements. They are further expected to be involved in other tasks including filing of documents in court, searches at land, Court, Probate, Companies and registries as observers.

The details of the students' engagement and the part that your Law Firm needs to play are explained in the Externship Handbook for Supervisors already forwarded to you, please.

Each student is given a code of conduct for the externship programme and other guidelines for constructive engagement. Also attached are confidential evaluation forms in respect of the student(s) placed in your Firm.

At the end of the exercise, kindly complete and return a copy of the evaluation form, signed and sealed in a confidential cover for each student, addressed to the Director-General, Nigerian Law School, Bwari, Abuja. The package should be given to appointed student, for delivery to the Director-General. You may make a copy for your records for future reference, please.

I wish to emphasise that the attainment of the practical learning objectives by the students, significantly depend on Law Firms ensuring that students placed in their firm adhere to the prescribed code of conduct and actively take part in all activities. I therefore solicit your support and firmness in this regard. The school has appointed mentors (academic staff) for the students, who may liaise with you on the students' development, in the course of the exercise.

I thank you for your usual cooperation and extend my professional regard to you always.

Yours Sincerely,

PROF. ISA HAYATU CHIROMA, SAN, LIFE BENCHER
DIRECTOR - GENERAL
